

Summer 2026

NETWORK NEWS LETTER

WELCOME SUMMER! (JULY-SEPT)

As the School year comes to an end and we enter the summer months. We begin a season for pausing and resetting. The school year can weigh heavily and taking time to pause and reset can help provide clarity of mind.

Allowing us to begin preparing for what is ahead. Take the time to reflect on successes and think on what comes next during this time. Don't forget to go outside and get plenty of sunshine!

Summer Mental Health Tips:

1. Go Outside and get plenty of vitamin D!
2. Don't feel like you need to do everything! Take breaks and plan for downtime for yourself. You do not need to get all tasks done in a day.
3. Go out and plan fun things for yourself. Even if that is treating yourself to a sweet treat.
